

# Jose Gomez, Front End Developer

832-613-3881, gomez.jose853@gmail.com

---

## PROFILE

I am an experienced developer with over 10 years of development experience. I have strong knowledge of JavaScript libraries such as React, Node and JavaScript ES6. My experience includes collaborating with UI/UX designers creating brand guidelines for clients and implementing them for a consistent experience for the user and the owner. Excellent time managing skills, and communication skills with the ability to manage multiple projects to meet deadlines.

---

## REACT PROJECTS

### ArchStudio

NextJS app deployed on Vercel. Technologies used: React, Contentful HeadLess CMS

**Demo URL:** <https://archstudio-react.vercel.app/>
