👤 PROFILE

Experienced front end developer with a strong foundation in HTML, CSS, and JavaScript and experience in both agency and ecommerce environments. Proficient in responsive web design and experienced with modern frameworks such as React. Known for excellent problem-solving and debugging skills, and ability to work effectively in a team and communicate with non-technical stakeholders. Seeking a role that will allow me to mentor junior developers and continue growing as a developer while utilizing my passion for creating clean, efficient, and maintainable code.
